Itemize in-kind contributions on both Schedules A and B so as not to inflate the cash-on-hand amount.

## Payroll Deductions

Once an individual's deductions aggregate over \$200 in a calendar year, report the total amount deducted from the donor's paychecks during the reporting period on Schedule A. In parentheses indicate the amount that was deducted each pay period. Instead of stating a specific date of receipt, write "payroll deduction" under "Date." The other itemized information, including the year-to-date total, must be completed for each donor. 104.8(b).

**EXAMPLE:** During an election year, a corporate manager authorizes her employer to deduct \$15 per pay period (each pay period is two weeks) for the company's SSF. The SSF, which files FEC reports on a quarterly schedule, includes the manager's first-quarter contributions (\$90 for six pay periods) as "unitemized contributions" on Line 11(a)(i) in the April quarterly report.

By June 30 (the closing date for the July quarterly report), 13 pay periods have passed, and the manager's aggregate contributions are \$195—still below the \$200 itemization threshold. The manager's second-quarter contributions again are included in "unitemized contributions" in the July report.

By September 30 (the closing date for the October quarterly report), 19 pay periods have passed, and the manager's contributions reach \$285. Now the committee itemizes the total contributions received from the manager during the third quarter (\$90), providing the year-to-date total in the appropriate space. (See Item A in the illustration above.)

## In-Kind Contributions

When determining whether to itemize an in-kind contribution, follow the same guidelines listed above under "When to Itemize Receipts." See page 6 for information on how to determine the dollar value of an in-kind contribution.

In addition, add the value of the in-kind contribution to the operating expenditures total on Line 21(b) (in order to avoid inflating the cash-on-hand amount). 104.13(a)(2).

If the in-kind contribution must be itemized on Schedule A, then it must also be itemized on a Schedule B for operating expenditures. See the illustration at left.
